For good practice, ISA is nominated to the 2013 Andesco Social Responsibility Award

- *The nomination is in recognition to the commitment with those communities where it operates, the transparency in relations with its stakeholders and its sustainable development model.*
- *Since the awards were created nearly a decade ago, ISA has been nominated every year in the category "Best Large Utility Company" and it has won the award 3 times.*

Companies' management to ensure suitable working environment for its employees and stakeholders, social, environmental performance and good corporate governance of the Businesses, were taken into account by the jurors for the nomination.
