Fitch Ratings upholds ISA's rating

- Upholds 'AAA (col)' rating for ISA's Securities Program and 'F1+' rating for Commercial Papers.

Fitch Ratings rating agency upheld the 'AAA (col)' rating for ISA's bond program and the 'F1+' rating for commercial papers; outlook is stable.

This decision is based on the Company's solid financial profile characterized by stable and predictable cash flows, comfortable liquidity levels and adequate credit metrics that will remain stable in the medium term. Additionally, the ratings are based on the low risk level of the energy transmission business, the Company's natural monopoly and the wide geographic diversification of its assets.
